

# Educational Programs

## STAKEHOLDER SERVICES

**LEARN ABOUT OUR PROGRAMS TO EDUCATE CHILDREN ABOUT WATER CONSERVATION**

### **Drop Savers Poster Contest**

Toho partners with local school districts to create a Water Conservation Calendar featuring drawings submitted by kindergarten through 12th-grade students. The contest's purpose is to engage students to use their creative abilities to highlight the importance of water conservation.

### **Toho's WaterWorks Summer Camp**

The WaterWorks Summer Camp provides middle-school-aged youth with hands-on outdoor activities covering groundwater, water quality, distribution, water use, and conservation.

### **Meet Hydro**

Our mascot, Hydro, is customized by grade level. The curriculum includes the elements of the water cycle, how water is used, where drinking water comes from, and how to conserve water.
